Kenya Transition Council

2025: William Ruto is removed from power by the People.

A Transition Council (TC) is formed.

Made of 10 members - No 2 members from same tribe.

2025 - 2027: Some things Transition Council (TC) will do

- Run govt & clean up the mess that is public service.

- End all bursaries & send the money to schools directly, to make education completely free.

- Recover Billions stolen during conversion from NHIF to SHA.

Use the money to make healthcare affordable to all.

- Enact a code of conduct for political candidates, so strict & foolproof that no crook would have any chance of being cleared for elections.

- Register voters countrywide, creating a brand new national voter register.

2027: National Elections

- TC to act as Electoral Commission - Hire technical people to run various IEBC departments.

- New govt is sworn in.

- Members of TC retire from public service for life - paid a modest pension, for life.

Qualifications to become Member of TC

1. Must be Kenyan citizen by birth.

2. Must have a degree from a recognised university.

Must post their high school/university/college certificates online/on social media.

No one with fake papers will dare to do that.

These certificates being public means that there are very many people who can confirm whether they are genuine or not - Former classmates/teachers/lecturers.

Furthermore, there are many Kenyans with some genuine academic papers + fake academic papers.

e.g. Genuine BA & forged MA/PhD - that the person has used to obtain big jobs.

or Fake High School certificate & genuine degree.

If you don't post some of the papers, there are people who know you, who will blow the whistle e.g. Ruto's PhD.

3. Must post online/on social media their tax statements for the past 3 years.

This means there will be many people at a position to confirm whether the tax statements correspond to the person's wealth/lifestyle.

Foolproof method Transition Council would use to block crooks from Politics

(a) Forensic audit of Tax returns of would-be political candidates.

Every big-time crook is a major tax evader.

That is why many developed countries use the tax route to nail big time criminals - because its easier to prove tax evasion.

(b) Fake documents: Most shadowy politicians in Kenya possess fake documents e.g. forged school/college/professional certificates.

These 2 methods would completely lock crooks from politics, for life.

For instance, politicians like William Ruto, Rigathi Gachagua & at least 90% of current MPs wouldn't pass this audit.

When you have the worst people in a nation becoming leaders, it is only a matter of time before that nation collapses.

Historically, even among African communities, criminals never became leaders.

Kenya is in crisis because of allowing the worst citizens to become leaders.

Time to seal that loophole.

All Sovereign Power Belongs to The People of Kenya

Article 37 of the constitution: "Every person has the right, peaceably and unarmed, to assemble, to demonstrate, to picket, and to present petitions to public authorities."

Kenya will rise.

Through People Power, a failing country would become a thriving democracy.
